UNIVERSITY OF BURDWAN

CENTRE: CHANDERNAGORE COLLEGE (CODE: 404)

SEMESTER – V (CCFUP) B.SC. HONOURS PRACTICAL EXAMINATION 2025

Subject: Computer Science **Paper Name: Computer Networks** **Paper Code: COMP 5011**

Full Marks: 20 **Time: 2 Hrs.**

Practical: 20 + 5 (viva) + 5 (Lab Note Book)

Answer any one of the following questions: **20 * 1=20**

(For each Problem must write aim, Algorithm, Program and Output)

1. Write a Programming code to simulate Cyclic Redundancy Check (CRC) error detection algorithm for noisy channel.
2. To implement Checksum for Error Detection.
3. To implement Hamming Code for Error Detection and correction.
4. Simulate and implement MST construction using Prim`s Algorithm.
5. Simulate and implement MST construction using Kruskal`s Algorithm.
6. Simulate and implement stop and wait protocol for noisy channel.
7. Simulate and implement go back N sliding window protocol.
8. To find the shortest path between nodes using Dijkstra`s Algorithm.
9. To implement Two-Dimensional Parity Check for Error Detection.
