Major

UNIVERSITY OF BURDWAN
CENTRE: CHANDERNAGORE COLLEGE (CODE: 404)
SEMESTER – II B.SC. HONOURS PRACTICAL EXAMINATION 2024
SUBJECT: COMPUTER SCIENCE  COURSE CODE: COMP 2011
MAJOR/DS COURSE (CORE)
COURSE NAME: PROGRAMMING FUNDAMENTALS USING C

**FULL MARKS: 20**  **TIME: 2 HOURS**

**Q1: PERFORM ANY ONE OF THE FOLLOWING EXPERIMENTS** **10**

a) Write a C program to find the area of a circle.
b) Write a C program to display all perfect number between 1 to n, where n is given by the user.
c) Write a C program to check if a number is even or odd using bitwise operator.
d) Write a C program to convert Celsius to Fahrenheit using Macro.
e) Write a C program to find the second smallest within an array of integers.
f) Write a C program to reverse a number using recursive function.
g) Write a C program to find the LCM (Least Common Multiple) of two numbers.
h) Write a C program to print the sum of the series: S = 1 – (1/1!) + (2/2!) – (3/3!)...upto 10 terms.
i) Write a C program to check if a given string is palindrome or not using pointer.
j) Write a C program to create a structure of student containing necessary information, collect information about student from the user and display the contents.
k) Write a C program to create two matrices using dynamic memory allocation where dimensions are given by the user. Add two matrices and display result.
l) Write a C program to eliminate duplicate character from a given string and display the resultant string.

**Q2: LAB NOTE-BOOK** **5**

**Q3: VIVA** **5**
