UNIVERSITY OF BURDWAN

CENTRE : CHANDERNAGORE COLLEGE (CODE : 404)

SEMESTER – IV (CCFUP of NEP 2020) B.Sc. 4 Yrs HONOURS PRACTICAL EXAMINATION 2025

SUBJECT : COMPUTER SCIENCE COURSE CODE :COMP 4013 COURSE NAME : DATABASE MANAGEMENT SYSTEMS

FULL MARKS: 20 TIME: 2 HOURS

$e = at + bt^2$

$\frac{de}{dt} = a + 2bt$

$a + 2bt = 0$

$t_n = \frac{-a}{2b}$

Answer the following question based on the given schema.

Books: BookID, Title, Price, PublicationDate, PublisherID

Authors: AuthorID, AuthorName, Country

Publishers: PublisherID, PublisherName, City

1. Draw an Entity-Relationship Diagram based on the entity given and mark the key attributes. Draw the required relationships and their attributes. Define the primary keys and foreign keys. 2 ½ Marks
2. Create Tables (DDL): Use SQL CREATE TABLE statements to implement the schema with the minimum number of tables. 2 ½ Marks
3. Insert Data: Write INSERT INTO statements to add at least 5 records to each table. The constraints must be satisfied. 2 ½ Marks
4. Write the SQL instruction and the relational algebra expressions to describe the following query:

   Find the names of all authors who have written a specific book title. (1 + 1 ½) = 2 ½ Marks

5. The Practical Notebook. 5 Marks
6. Viva-Voce 5 Marks
